## Candle light Vigil

**What?** This event is to symbolize the loss of the EIBI programs for children with autism, the last of which will shut down as of Jan. 31<sup>st</sup>. The promise made by the Premier to put children with special needs as a priority, has been broken!

**When?** Monday, Feb. 1<sup>st</sup> 2010, 4:30-5:30pm

**Where?** The steps of the Legislature downtown!

We invite families, friends, kids, community and staff to come together to take part in this event.
